

Join meeting via Browser

You can join a meeting via Browser.

Below is a guide to joining a meeting from Google Chrome.

1. Before the meeting starts

We recommend testing your audio/video prior to joining the meeting.

You can at any time test here: Link

If you can hear the test sounds and your camera is enabled, then they will also work in the meeting.

2. When it's time, join the Webex meeting here:

Additional options to joining the meeting:

Join from browser

<https://domstol.webex.com/domstol>.....

Join with meeting number on website domstol.webex.com

Meeting number (meeting information): 2732 408 8270

Dial (+47) 21 03 58 54 and enter the meeting number

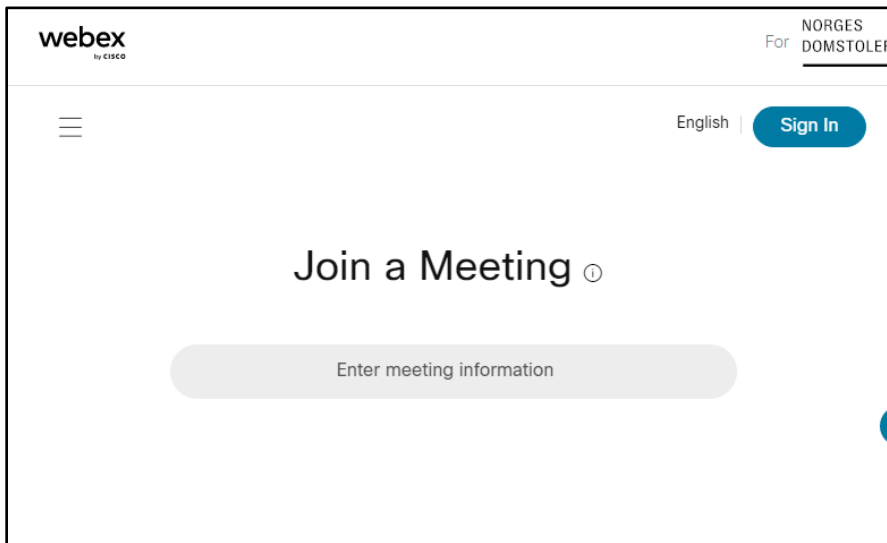

Option 1 - Join via the green button Delta på møtet

1. Press the green "button" in your meeting invitation and you will be prompted to this screen in your browser:

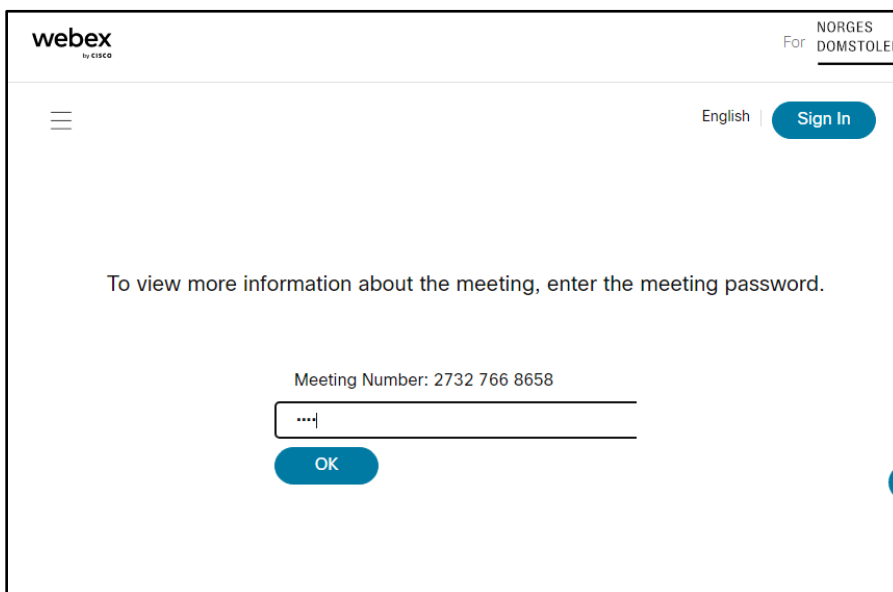

- You will not be required to download the Webex app when joining from a browser on a laptop/computer. Press **Join from your browser**
- If you are joining from a mobile device you must install the "Webex Meet" app (free of charge).

Option 2 – Join via meeting number on website domstol.webex.com

1. Enter you meeting number (meeting information)

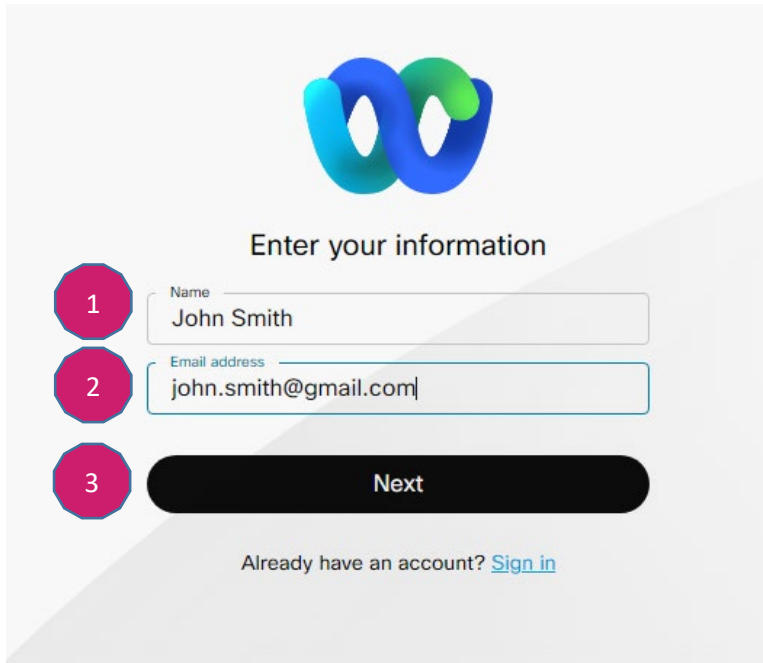

1. Enter you meeting password and press **OK**

A. Enter your information prior to joining the meeting

Enter the following information:

1. Your full name
2. Your e-mail address
3. Press **Next**

The screenshot shows a registration form for a Webex meeting. At the top is the Webex logo, a stylized blue and green infinity symbol. Below it, the text "Enter your information" is centered. On the left side, there are three numbered red circles: 1, 2, and 3. The first circle is next to a text input field labeled "Name" containing "John Smith". The second circle is next to a text input field labeled "Email address" containing "john.smith@gmail.com". The third circle is next to a large black button labeled "Next". Below the "Next" button, there is a link that says "Already have an account? [Sign in](#)".

B. Allow your browser access to your microphone and camera

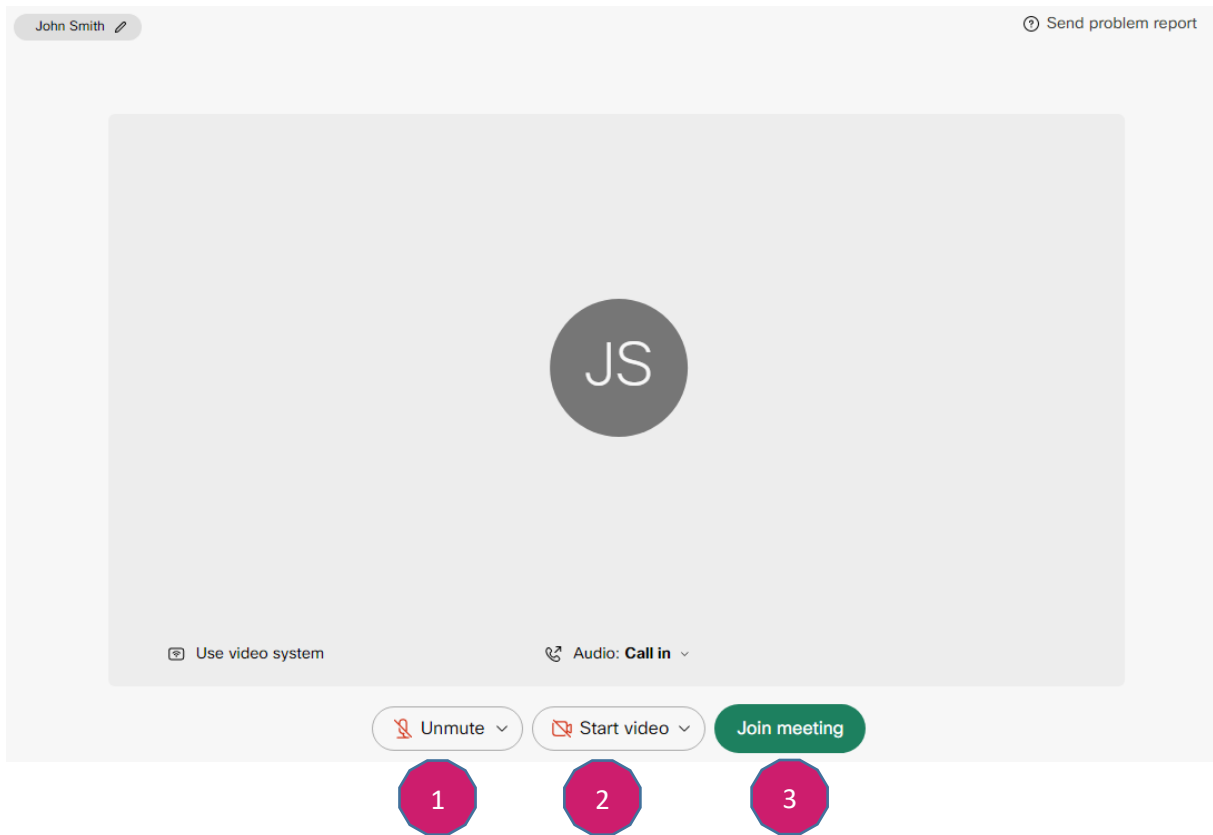

You must allow the browser to access your microphone and camera the first time you join a video conference

1. Press **Allow** to enable the microphone and camera

C. Preview before joining the meeting

1. You can mute/unmute your microphone prior to joining the meeting
2. You can start/stop video from your camera prior to joining the meeting
3. Press **Join meeting** to connect

D. You are connected!

You have a few options once you have joined the meeting:

1. Bottom left – mute your microphone
2. Next to mute – turn your camera on or off
3. Press Participants – here is a list of all participants in the meeting
4. Press here to leave the meeting
